Within Marysville, Blue Mountain Outfitters is one of the few structures that are located on the "River Side" of US-11&15, which makes us easy to find, but US-11&15 is a **very busy** road and a few additional hints are in order.

Headed North on Routes US-11&15: We are located almost exactly 2 miles north of the Route 81 interchange. When you see the first PA-850 sign, start to slow down and turn on your right turn signal. The entrance to our south parking lot is immediately after the second PA-850 sign and at the beginning of the big dip in the road. The entrance to our north lot is just past our building and the bottom of the dip.

Headed South on Routes US-11&15: We are located 10.5 miles south of the I-322 interchange. The entrance to our north parking lot is approximately 200 yards past the Marysville Hess Gas Station and 100 yards past the PA-850 intersection both of which will be on your right. Use the center turning lane to make the left turn into BMO. Watch for oncoming traffic in the center lane -- locals illegally use the center lane as an acceleration lane when making a left turn onto US-11&15 North. Additionally, US-11&15 northbound traffic that is making a left turn onto PA-850 tend to think the center lane is their exclusive domain and they enter it early and fast.
